# ASEAN Consultative Committee for Standards and Quality

---

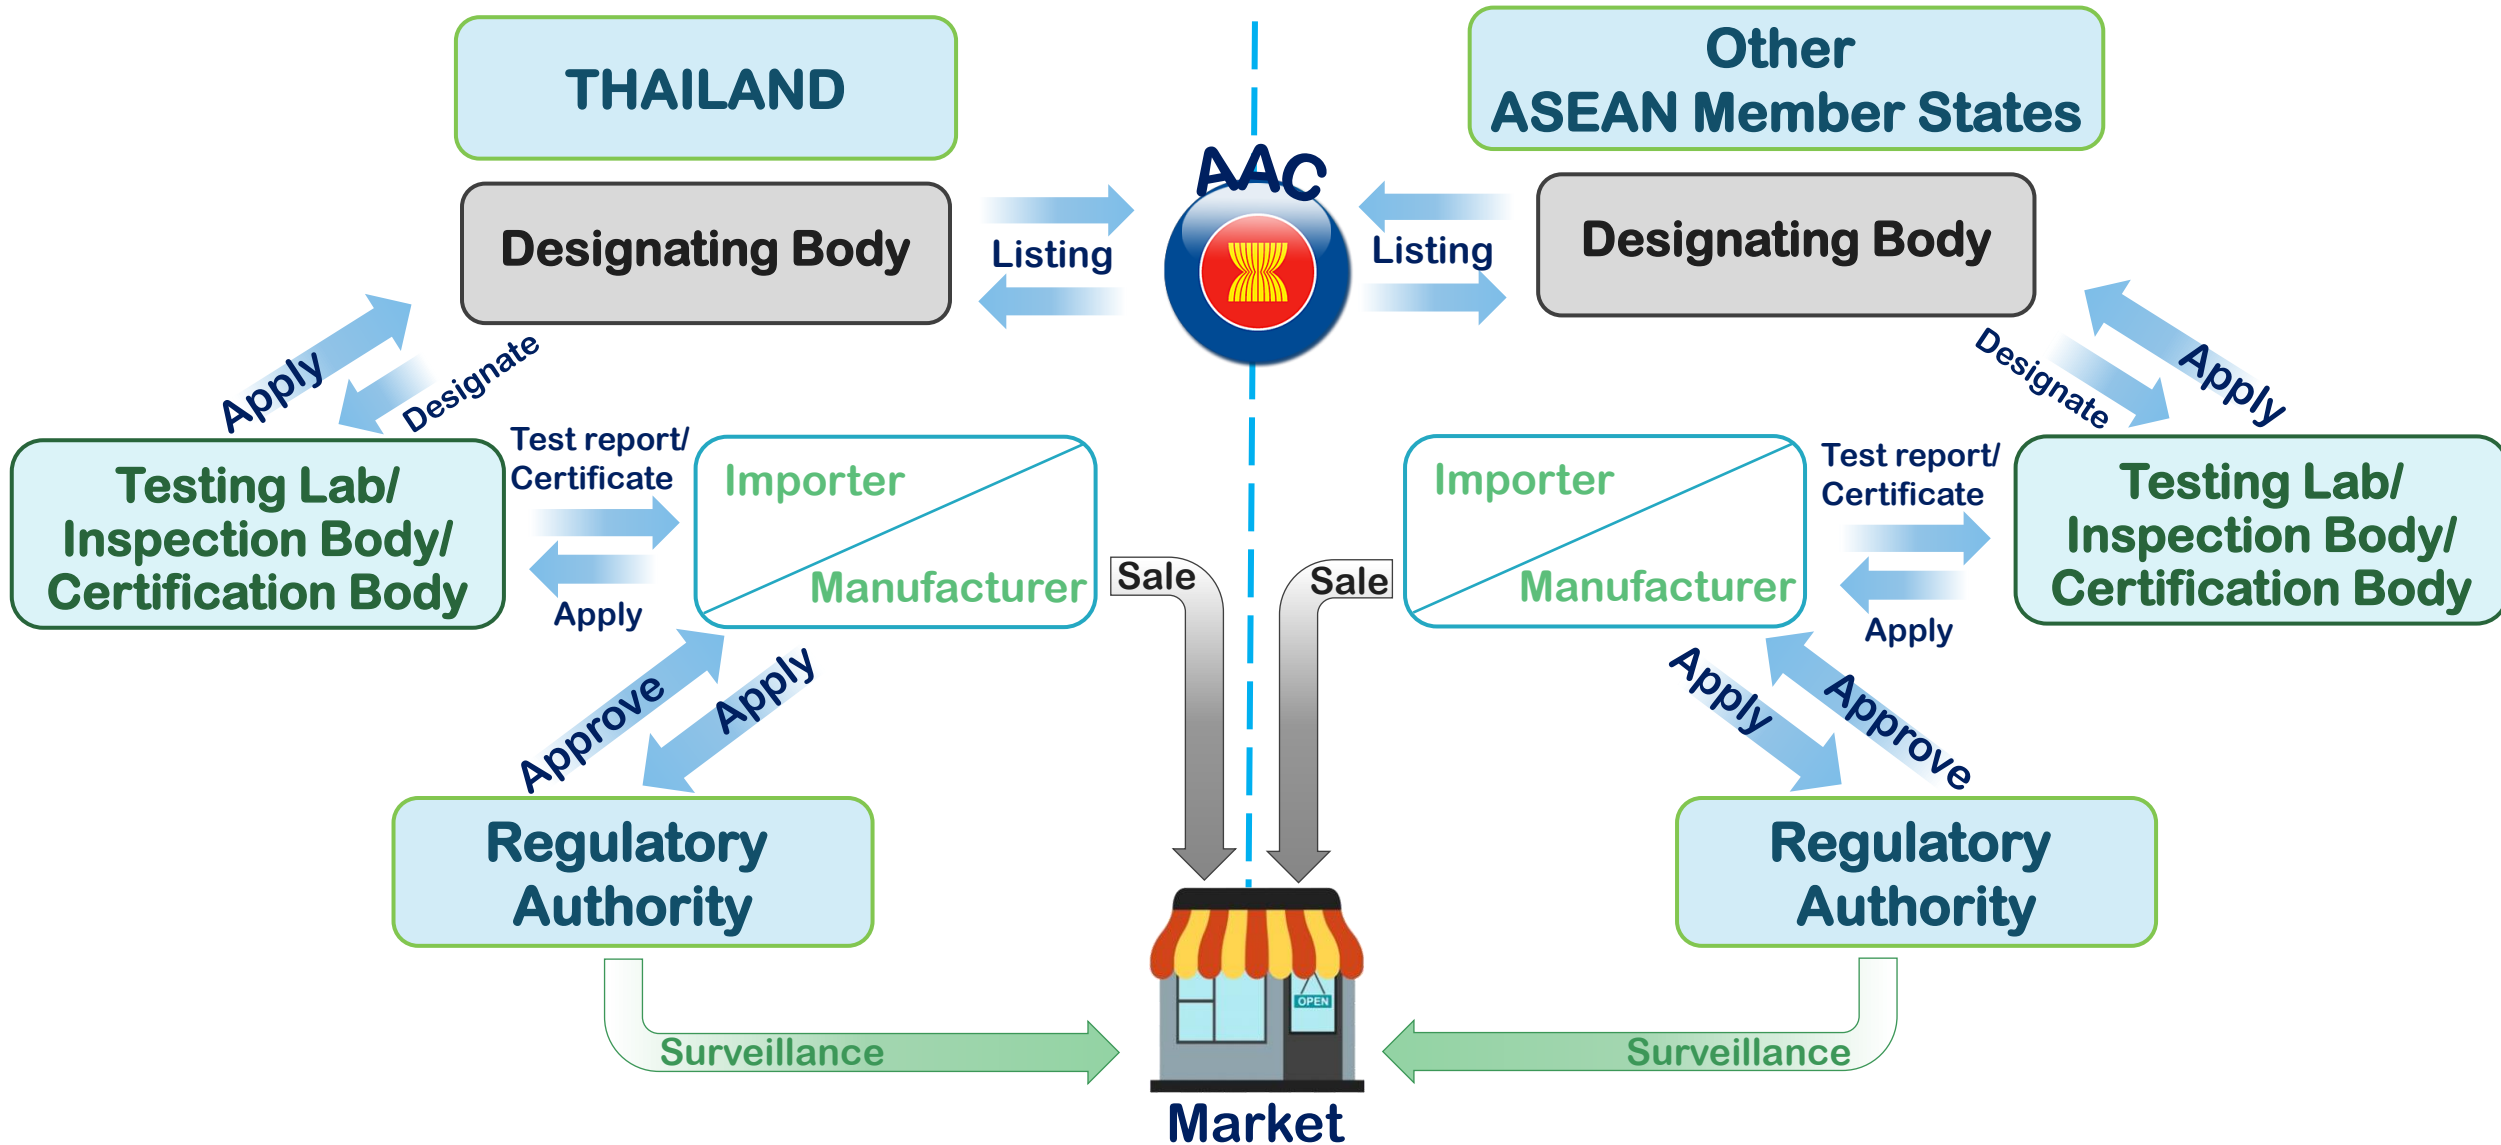

## ACCSQ

- Established in October 1992 by ASEAN Economic Ministers.
- Led by the Head of the National Standards Body or the Designated Standards Agency of ASEAN Member States with strong participation of regulators and industry.
- To facilitate the ASEAN Economic Integration towards a single market and production base through elimination of technical barriers to trade posed by standards, technical regulations and conformity assessment in ASEAN Member States.

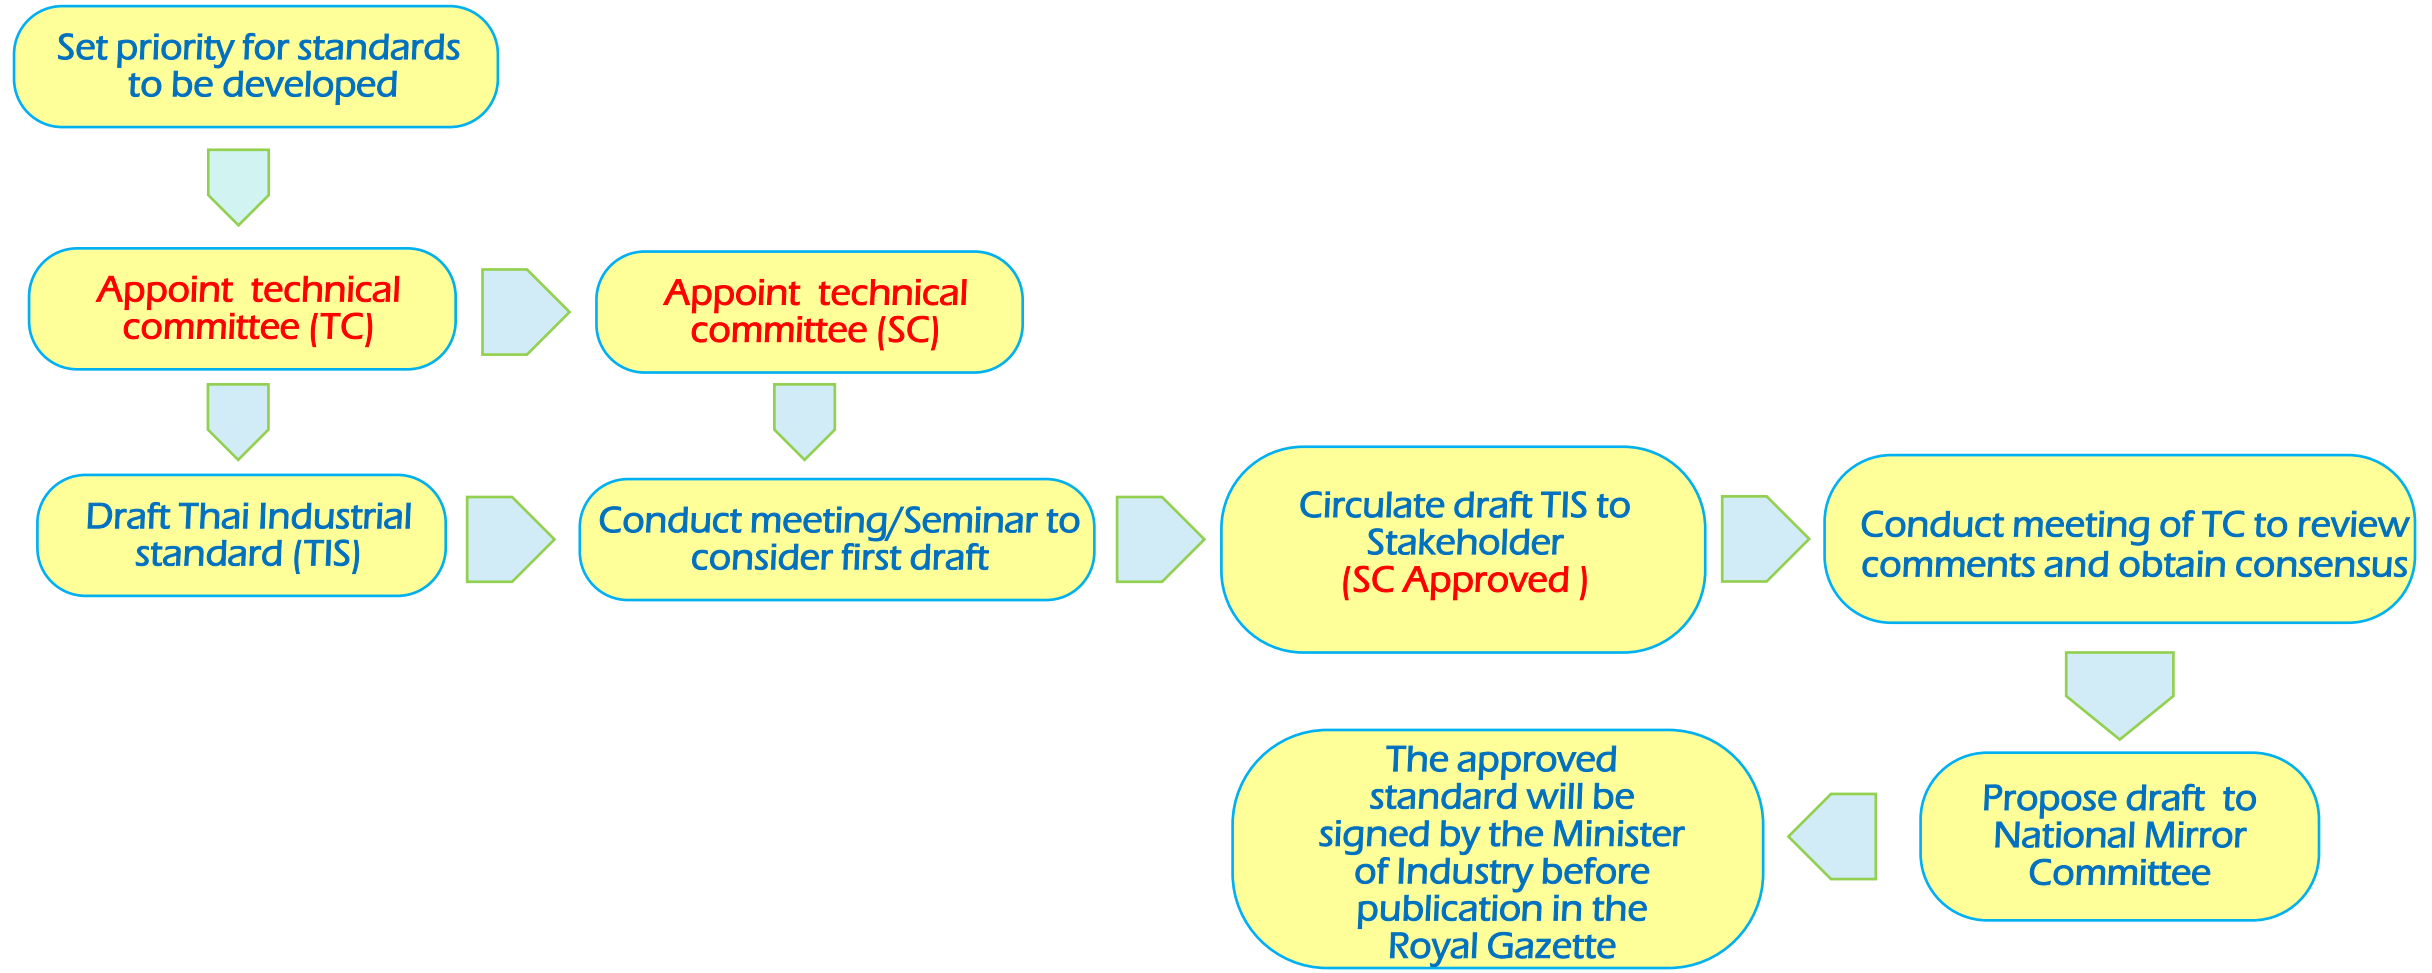

### Activities under ACCSQ's responsibility :

- Harmonization of standards and Technical Regulations
- Development of Mutual Recognition Arrangement – MRA
- Development of Single Regulatory Regime
- Cooperation of Dialogue Partner
